Sir:

**PETITION TO REVIVE UNDER 37 C.F.R. § 1.137(b)**  
**FOR UNINTENTIONAL DELAY**

**REMARKS**

The Applicant hereby requests that the captioned application be revived and the attached response to the March 30, 2007 office action be entered since the entire delay until the filing of the grantable Petition from the due date for the reply, pursuant to the above paragraph, was unintentional. The facts are as follows:

1. The attached Response was prepared and filed within two months of the October 24, 2007 mailing date of the Notice of Abandonment. This petition is being filed well within the required three months from the date of abandonment.
2. On April 30, 2007, a complete Response to the Office Communication was electronically filed with the USPTO (see attached copy of the response and proof of electronic filing submission) but the response had an incorrect serial number identifying the application on the electronic filing submission page. The Serial Number of this application's Continuation

(11/567,304) was erroneously typed on the electronic submission page instead of the correct serial number, corresponding to the actual application which received the Office Communication on March 30, 2007.

In light of the foregoing, I respectfully request revival of the application.

A fee transmittal for this Petition and any required extension fees are to be charged to Eastman Kodak Company Deposit Account No. 05-0225.

Respectfully submitted,
